ABOUT

My name is Spencer Renfro and I'm an Air Force veteran that is looking for a career change into web development. I found a passion for web development after separating the Air Force in 2019.

WORK EXPERIENCE

Dial Senior Living, The Pearl | Bartender/Server

August 2022–Present • Boulder, CO

Dedicated and customer-focused bartender with a strong reputation for attentiveness, reliability, and exceptional service delivery. With a background in successfully handling orders and engaging with patrons in high-volume and fast-paced restaurant environments, I have honed my ability to thrive in unpredictable situations

Terrapin | Armed Security

January 2022–May 2022 • Longmont & Boulder, CO

Armed guard for a private security firm. Responsibilities included perimeter checks, validation of identification, and overall safety of the building.

Air Force | Aerospace Ground Mechanic Journeyman

January 2014–September 2019 • International

5 years of dedication to the Air Force and experience with working with aerospace ground equipment (AGE), flight line equipment for aircraft. Ability to inspect, operate, repair equipment such as diesel engine driven generators, compressors, heaters, air conditioners, turbine engine-driven generators, and obtained universally EPA certified for type I, II, and III systems.

EDUCATION

Team Treehouse

2019–2023

University of Maryland

2014–2019

Associate's of Aerospace

Ground Equipment Technology
